## POLLED SHORTHORN DISPERSION

at the farm near Sumter, South Carolina

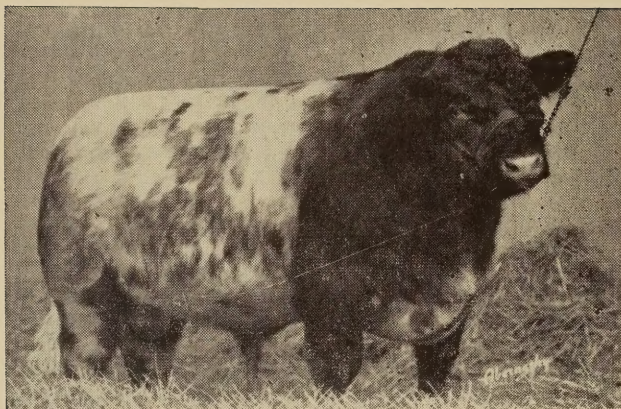

### WEDNESDAY, MARCH 21, 1956

117 Head Sell as 90 Lots

2 Herd Bulls  
15 Young Bulls  
14 Bred Heifers

48 Cows  
17 Calves at Foot  
11 Open Heifers

**Millbrook Crown x**

Millbrook Crown, 1947 International grand champion Polled Shorthorn bull, was purchased at the Millbrook Dispersion in 1950. He proved to be an excellent breeding bull. You will notice the daughters in the herd have tremendous thickness, depth, smoothness, and good heads. We feel his daughters are among our best brood cows.

**Cherry Hill Captivator x**

Cherry Hill Captivator, was the first bull Dr. Lemmon purchased. He was bought at the Cherry Hill Dispersion in 1950 at 11 months of age for \$1,025. He was by Edellyn Royal Leader 2d x and was out of Forest Glen Nonpareil 10th x by Oakwood Gold Standard x. A full sister to Cherry Hill Captivator x was purchased by Lynnwood for \$2,500.

**Femco Prince  
Royal 9th**

Femco Prince Royal 9th—If this herd had stayed in existence, we predict Femco Prince Royal 9th would have gone down as one of the great sires of the breed. Purchased by the right herd, he still can. The evidence is clear. The herd is filled with outstanding calves and yearlings sired by him. They are a most uniform high quality group. This bull was the first prize winner at the International Congress sale, 1951, where we purchased him for \$2,500. His sire, Prince Royal, was the head stock bull at Femco, where they didn't mind at all paying \$10,000 for the right bull. His dam, the great imported cow Augusta Dilly, sold for \$2,500 in the Femco Dispersion.

**THESE ARE THE BULLS THAT**

---

**Coronet Max Juggler 5th x**

## **NOTHING BUT AN OUTSTANDING BULL HAS EVER BEEN USED IN THIS HERD**

In 1953 we purchased T P S Max Coronet 39th x from Thieman in Concordia, Missouri. We were very pleased with this bull and when he died last year we went back to Thieman to replace him.

We were extremely fortunate in being able to convince Harold Thieman to sell us the sire of T P S Max Coronet 39th, Coronet Max Juggler 5th x, to carry on with our breeding program.

T P S Max Coronet 5th x came to us in May of last year and we will be getting his first calves about sale time. There can be no question about his ability as a sire. He was used with great success by Thieman. He sired the 1953 International grand champion female, Beauty Coronita 4th x. He also sired Beauty Coronita 3d x, \$2,500 top of the 1954 International Polled sale and Bonita Coronita 11th, top selling heifer of the 1953 Thieman sale at \$2,000.

T P S Max Coronet 5th x was the grand champion bull of the 1951 Missouri State Fair. He sired the winning gets at the 1952 Illinois and Missouri State Fairs.

He still has a great breeding career ahead of him.

**T WERE USED AT GRACE LAND**

---

**They all sell. Pictured are about a dozen typical Graceland females.**

I visited Dr. Lemmon's herd in 1951, after he had gathered together his original foundation. They were a splendid group of cattle. I was amazed, however, when I returned in January of this year, to find how beautifully this herd had developed. I assure you, we will be dividing one of the top notch Polled Shorthorn herds in the nation on March 21.

It is an example of what can be done by starting with good ones and using the best bulls of the breed.

While Dr. Lemmon has sold cattle locally, since the start of this herd he refused to part with any of the females that were in his herd plan or the daughters thereof. This herd has not grown like "topsy", however. Those that did not produce up to his standards were immediately shipped.

In the course of a year's time, there are very few Polled Shorthorn dispersions. Rarely is a herd like this dispersed.

This has not been a herd that has "withered" during its final years. Right up until the decision to sell, Dr. Lemmon has kept adding good ones. He was one of the largest buyers in the Kintyre Dispersion in Nebraska last year. He has traveled thousands of miles in putting this herd together.

It is unfortunate that Dr. Lemmon must split up this herd. It is the kind of herd that can reach the top quickly from the point at which it has now arrived. Dr. Lemmon has enjoyed the herd tremendously. However, being a physician, he realizes that his present health and age make it necessary to curtail his activities.

You can travel any distance to this sale and be assured of being glad you came after you see the cattle.

## A FEW COMMENTS ABOUT THE HERD

---

It was my pleasure to accompany Dr. Lemmon as an adviser on nearly all the trips he took to purchase cattle. A large number of the foundation came from dispersion sales, because it was here we felt we could obtain the proven producers that would not otherwise be offered. The purchases were made in the Cherry Hill, McDonnell, and Kenner Dispersions and from the Shenandoah Valley and Illinois Polled sales.

Among this group were dams of International champions, as well as International winners in their own right. The foundation females were purchased only after careful deliberation.

Top bulls have always been a must in this herd. Today one can see the results. The owner being a doctor has always kept a watchful eye on the health of the herd. Today it is in perfect condition as evidenced by the fact it is certified.

It can be clearly seen these cattle have been grown out well and have had a good home. They live outdoors the year around in good pastures.

T. O. Bowen  
County Agent  
Sumter County.

# General Information

**LOCATION**—Graceland Farms is located ten miles southeast of Sumter, South Carolina. A map is printed elsewhere in this catalog showing exact directions to the farm.

**TIME**—The sale will begin promptly at 12 Noon sharp, Wednesday, March 21. Because of the large number of cattle to be sold, there will be absolutely no delay in the starting hour and the cattle will be sold rapidly. Every lot will be sold no later than 4:30 p.m.

**LUNCH**—A delicious barbecue lunch will be available on the grounds beginning at 11:00 a.m.

**GUARANTEE**—All of the bulls in this sale will be fully guaranteed under the Standard Guarantee of The American Shorthorn Breeders' Association. As is customary in dispersions, the females will be sold without guarantee. This is a good working herd, with an excellent production record. The prolificity of the cattle should be obvious to all. Any known defects will be announced from the auction block. Breeding dates and other information announced from auction block takes precedence over any information printed in the catalog.

Certificates of registry and transfer will be furnished with each lot sold and applications for registry will be provided for each calf at foot and each unborn calf in dam.

**TRANSPORTATION**—Good truckers are available locally. We will be glad to assist you. You are welcome to leave these cattle at the farm for a reasonable period of time until you can make your trucking or rail arrangements.

**TERMS**—The terms of this sale are cash unless previous arrangements are made with the owner. Settlements should be made with the clerk immediately following the auction. Your check will be accepted. All cattle are the property of the buyers as soon as bid off and at their risk.

**HEALTH**—The herd is and always has been in perfect health. All of the cattle will be tested for T.B. and Bangs within 30 days of the sale and Interstate health certificates will be provided.

**LIABILITY**—The guarantee and terms shall constitute a contract between the buyer of each lot and Dr. C. J. Lemmon. Dr. Lemmon will not be responsible for accidents. Every effort will be made to provide for the safety and comfort of those attending. Accidents at cattle sales are rare, but every person attending must assume the risk of accidents to himself. The clerk, auctioneers, and sale manager were retained by Dr. Lemmon for specific tasks promotional and clerical. They assume no liability whatsoever, and have no connection with the handling of the cattle or the condition of the premises.

**MAIL BIDS**—Those who cannot attend may take advantage of the buying opportunities by submitting mail bids to any of the following representatives:

Don Longley, The Shorthorn World, 16 So. Locust St., Aurora, Ill.

Ed Huff, Eastern Representative, American Shorthorn Breeders' Assn., Culpeper, Virginia.

Ray Brockinton, Southern Livestock Journal, Macon, Georgia.

C. D. Swaffar, Auctioneer, 1111 So. Pittsburg, Tulsa, Oklahoma.

T. O. Bowen, County Agent, Sumter County, Sumter, S. C.

CORONET MAX JUGGLER 5th x—Was many times a grand champion at important shows in his own right. He was used with great success in the Thieman herd. We were fortunate to be able to buy him last May. Nine of the fourteen cattle listed on his pedigree were either International grand champions or sire or dam of an International champion. He sired the very popular 1953 International grand champion female, Beauty Coronita 4th. Also, he sired many top selling animals such as Juno Coronita 3d, \$2,500 top selling female of the 1954 International sale, also Bonita Coronita 11th, top selling heifer in the 1953 Thieman sale at \$2,000. A proven great sire of equally good breeding and background. Two of his 3/4 brothers have sired International grand champions. He also sired the winning get of the 1952 Illinois and Missouri State Fairs. Most of the females in this sale will carry his service. If you want a bull that will sire champions here he is.

FEMCO PRINCE ROYAL 9th—A first prize winner at the 1951 International Congress sale where we purchased him for \$2,500. Sired by the great Prince Royal. A grandson of Cruggleton Reminder, probably the best son that was sired by the world famous Cruggleton Perfect. Drynie Brawith 36 was one of the good females by Naemoor Immaculate. Immaculate no doubt left many of the very best females in Scotland. Augusta Dilly, one of the better matrons of the breed, is by Cruggleton Earl and also by the great Cruggleton Perfect. Augusta Dilly sold for \$2,500 in the Femco Dispersion. The "9th" is all that you would naturally expect him to be from looking at such an illustrious pedigree. A good headed bull with plenty of depth, short legged and thick. He is a sure breeder and we highly recommend him. 26 sons and daughters selling—a great group—offering unusual proof of his ability as a sire.

G F FEMCO PRINCE ROYAL 7th x—A good red son of Femco Prince Royal 9th. Good headed, deep, thick and short legged. His dam is a good roan daughter of Cherry Hill Captivator by Edellyn Royal Leader 2d whose blood quite likely has done more for the polled branch of the breed than any that has been introduced. If you're looking for a good polled bull carrying a combination of the best of blood from both branches of the breed here he is. He's a breeder and some of the females in this sale will be mated to him. His first calf arrived January 10th. It is the kind we expected it to be.

## GRACELAND FARMS DISPERSION, SUMTER, S. C., MARCH 21

Left, Harold Thieman is shown with Gordon Blackstock, manager of Bapton Shorthorn Farms, Ltd., Kent, England. Mr. Blackstock bought the heifer pictured for \$8,000 to start the foundation of a Polled Shorthorn herd in the old country. The heifer is Queen of Hearts 18th x, grand champion female of the 1955 International Livestock Show. Lot 25, Queen of Hearts 19th x, is by the same sire, Coronet Max Juggler 18th x and is out of the same female family.

Another view of Queen of Hearts 18th x,  
grand champion female 1955 International.

VANITY QUEEN 22d x—Another famous Vanity Queen pedigree, sired by the International grand champion bull, King of the Vanities 50th. Ten of the fourteen cattle in this pedigree were either International champions or the sire or dam of an International champion. Plenty of size, depth, thickness, with a wealth of natural fleshing and as good headed as they come. The bull she is bred to will be announced sale day. She will be an asset to any good herd.

GRACELAND'S GLOSTER—Here is a double granddaughter of Edellyn Royal Leader 2d, and a good one. She is thick, deep and lowset, good headed, balanced and smooth. Little wonder though, with such a concentration of blood from the all American favorite Royal Leader. Sells mated to Coronet Max Juggler 5th. This could be a great calf.

## WHERE GREAT HERDS WILL BE FOUNDED AND STRENGTHENED

---

Above is a typical group of bred heifers and young cows to be sold in this dispersion. There are 73 female lots like these. It is one of the greatest opportunities ever held to obtain outstanding Polled Shorthorns. Remember, Dr. Lemmon started with the best . . . buying champions and mothers of champions. He has never sold any of the females from the families that were earmarked for permanent herd improvement.

GRACELAND'S DUCHESS—Here is a top-notch daughter of Femco Prince Royal 9th. She is a good, rich roan, good headed, thick, deep, short legged, smooth and balanced. She is a show heifer. Her dam is Red Duchess 5th that is quite likely as good a brood cow as there is in the herd. She will drop you a good calf from any bull. This heifer will please the most critical buyer. She's the kind you can own with both pride and profit. Bred to Coronet Max Juggler 5th we expect this calf to be a show prospect.

DIVIDE JOAN 4th—A great cow sired by an excellent son of the great \$7,000 Supreme Goldfinder. Joan is the kind of cow that any good cattleman will aspire to own. She just about fills your eye from any angle you care to look from. Enough size, bone, ruggedness and yet smooth and stylish, swings a good udder and gives plenty of milk, "that's her". Her dam is sired by Proud Marksman, a bull that sired some sensational winners for Tomson Bros. around 1940. One of the good young polled bulls selling in this as lot 6 is her calf. Her next calf will be by Coronet Max Juggler 5th x. If you want to add a worth while cow to your herd own this one.
